Capacities Available	Capacities	Least Count
5kg		0.001Kg
10kg		0.01Kg
20kg		0.01Kg
50kg		0.01Kg
100kg		0.1Kg

### Features:

- Dial Gauge to display results in Kg.
- IMADA Japan imported precise Push Pull Gauge
- Highly accurate test results under push pull force
- Strong gripping clamps.
- Self-calibration facility 5 Kg
- Sample Adjusting Base Plate

### Specifications:

- Analogue display
- 20kg range
- 220V single phase 50hz
- $\pm 2\%$  accuracy
- Manual and easy movement
- Max 200mm grip separation
- 0.01kg least count
- Lead screw mechanism
- Mild steel powder coated material
