

Testronix PH Meter

PH/ ORP/Conductivity/TDS meter is a consistent instrument which helps in the calculation of unique pH, Conductivity, Total Dissolved Solids, ORP values of various test solutions and chemicals. It has a universal application in various sectors such as educational institutes, research laboratories this instrument measures the pH, Conductivity, ORP, TDS, salinity mode, resistivity mode, °C mode with accuracy.

MODEL NO. TX PH 100

FEATURES

- Inbuilt 1-5 point calibration system
- Automatic Temperature Compensation
 - Highly accurate test measurements
- Push button calibration with auto buffer
 - Automatic Electrode Slope display
- Large alphanumeric digital LCD display
 - Adjustable Electrode arm
 - Electrode Status Indication
 - Functional Back light keypad
